

LIVE WEBINAR

Beyond Fake News: Navigating our Information Ecosystem for Truth and Balance

Dr Kay Oddone
Guest Presenter

Learn about:

- Message manipulation, micro-targeted messaging, deep fakes, artificial intelligence, bots and more
- Effect on students, teachers and our community
- Sharpening critical evaluation skills
- Useful strategies & resources

Dr Kay Oddone has over 20 years' of experience in the fields of education and information management. She has taught at all levels from Prep through to Post Grad. She is passionate about learning in all its forms, but is particularly interested in how we might leverage the connective potential of digital technologies to develop authentic, meaningful and global learning experiences. You can find Kay on Twitter as @KayOddone, and read more about her work on her online portfolio at www.linkinglearning.com.au.

Wed, March 17

5-6pm AWST
